# Continuing The Vision

**A funding campaign to preserve our heritage for future generations.**

## **Co-Chairs - Kevin Rice and Robert Allen**

In May 2024, our Church Conference approved a resolution to authorize the Leadership Council to take all necessary steps to secure a loan, in the amount not exceeding \$300,000, to provide immediate resources required to fund projects deemed to be key/critical to Christ Church of Jackson.

## **Our preliminary recommendations focused on four key/critical projects:**

1. Replacement of Both HVAC Units for Our Family Life Center  
\$89,400 **Completed at this time** Payment will be made ASAP
2. Restoration of Stained Glass Windows and Protection System  
\$150,874 **In Process (Down Payment \$37,718.50 pd)**
3. Flooring replacement in the Mezzanine (Youth Room)  
\$10,000 **Bid received waiting for** Installation Week Of Sept 13
4. FLC Restroom Remodeling  
**\$ TBD by Facilities Team**

## **A cross-functional team, led by Pastor Tim Waugh, Kevin Rice, and Robert Allen, has been formed to conduct a fund-raising campaign to:**

- (1) further identify and prioritize projects to be performed,
- (2) develop and provide campaign materials such as visual aids and materials to be communicated to the congregation via Facebook, our website, flyers, our church app., and Co-Chairs' announcements,
- (3) oversee the completion of projects as approved by the Leadership Council and Facilities Team, and
- (4) provide the congregation with periodic updates relative to fund-raising and project completion.

**Continuing the Vision has been established to collect and segregate gifts to fund worthwhile projects.**

**History** - The previous Vision 2020 Campaign funds were utilized to upgrade our main building through your gifts and donations. Its focus was on our main building, as many funds had been used to make improvements to the Family Life Center (FLC), before this campaign.

**The Vision 2020 Campaign is now over.**
